BELLAVITA

ITALY

OLEUROPEIN

SanoVita™ is the first whole food beverage to include:

- pure, concentrated, Olive leaf extract
(which contains pure concentrated oleuropein)
- pure Olive Oil in liquid form

Oleuropein is believed to be one of the most powerful antioxidants, which is ten times higher than that of green tea, and two times higher than that of CoQ10.

HEALING FUNCTIONS of SANOVITA™

ANTIOXIDANT PROTECTION

From the phytonutrients and phytochemicals found in many of the fruits and botanicals in SanoVita™ antioxidant protection is possibly the main function of SanoVita™. Antioxidants are well known and scientifically studied for their oxidation fighting properties. Oxidation in the human body (also known as “free radical” damage) is linked to disease, inflammation chronic pain and premature aging. Antioxidants has been shown to neutralize the damaging effect of Free-Radicals in the human body.

ENZYME NUTRITION

Since SanoVita™ is not high heat pasteurized the natural enzymes in the fruits and botanicals are preserved and “active” providing their intended benefits. Enzymes benefit the digestive system, allowing us to process our food more efficiently and absorb more of the nutrients available in SanoVita™ and in our diet.

ANTI-PATHOGENIC

Olive Leaf Extract has been researched and scientifically validated as having antimicrobial, antiviral and antibacterial properties. Olive Leaf Extract has been used for thousands of years to fight off pathogens.

PLANT-BASED ESSENTIAL "HEALTHY" FATS

The emulsified olive oil contained in SanoVita™ has omega-3 fatty acids. Research shows strong evidence that the omega-3 fatty acids can help lower triglycerides and blood pressure. There are studies showing that omega-3 fatty acids may help with other conditions, including rheumatoid arthritis, depression, and omega-3 fatty acids are thought to play an important role in reducing inflammation throughout the body.

PLANT-BASED COLLAGEN

The Rose Hip found in SanoVita™ is a source of Plant-Based Collagen. Collagen is known to improve cardio health, skin elasticity, hair strength, joint health and bone structure, just to name a few of its benefits.

SANOVITA™

DRINK IN HEALTH!

Oleuropein
(from Olive Leaf Extract)

Mangosteen

Acai Berry

Rose hips

Tart Cherry

Pomegranate

Bilberry

Lycopene
(from Tomatoes)

Blueberry

Cranberry

Grapes

Strawberry

Prune

Raspberry

GO **BELLAVITA**

YOUNGEVITY.

The goal of BellaVita is to create the most nutrient dense product by using the purest ingredients to achieve the most direct effect.
